To search for specific names, type keywords into the search bar in your PDF reader. If a keyword search doesn't turn up expected results, we recommend that you also scroll down into the alphabetical listings to search for the name, as the font-reading software is not perfect.

The table of contents below can also give you an idea of where to look within the document for other kinds of information listed in the directory, like street guides, government listings, and advertisement indices. Note that the PDF page number and the original directory page numbers are different, because the color-printed advertisement pages in the directories were not numbered.

Table of Contents:

Description	PDF page number
Advertisements	2 – 6
Title page	7
Directory listings	11 – 719
Late insertions	719
Index to advertisements	720 - 721
Street and Avenue directory	722 – 756
Advertisements	757 – 763
Appendix: City government agencies and public services listings, including banks, churches, etc.	764 – 789
Index to appendix	790 - 791
Advertisements	792 – 806

Disasters by Fire

ON THE

MOST FAVORABLE TERMS.

Our actual Surplus, it will be noted, is nearly ***One Hundred per cent.*** on our Capital; ***our Business*** was never more promising; we do not insure on the hazards of Marine, Lake, or Inland Transportation, confining ourselves strictly to Fire Insurance.

The prompt and liberal adjustment of Losses, when "Fair and Square," will be continued as a Specialty with the Company.

☞ Policies on the "PARTICIPATION PLAN," so emphatically declared by the National Board of Underwriters, and also by our City Board, to be ***better Insurance*** than those of the Non-Participating Companies—they being, as it were, "Iron Clad" by the ***"Scrip Fund,"*** will continue to be issued; or Insurance in the "*Old-Fashioned Way*," as may be agreed on.

COLTON

DENTAL ASSOCIATION

Originated the use of NITROUS OXIDE GAS in 1863, for the Painless Extraction of Teeth. We have given the Gas, up to this date, May 2d, 1867, to

20,107 PATIENTS,

Without a single Failure or Accident.

Every Patient has written his or her name on our scroll, certifying that the operation was painless and the Gas pleasant.

We are often asked the question, whether persons in delicate health, or those whose lungs or heart are affected, or young children or aged persons, may safely breathe the gas? We answer, they may. We have very many times given the gas to children under three years and to persons over seventy years of age. We have also repeatedly administered the gas to invalids confined to their beds, and uniformly with the most happy results.

We administer the gas by means of a very simple, yet nicely contrived, valved mouth-piece, which secures to the patient pure gas at every breath. It is well known that Dr. Colton (the head of this Association) has for more than twenty years given much attention to the use of nitrous oxide gas, and that it is to him the world is indebted for its introduction as a great alleviator of human suffering.

There are several advantages in the Gas over Chloroform and Ether. *First.* It is harmless; the most nervous and delicate can breathe it with safety. *Second.* It destroys ALL pain in the extraction of teeth, where the gas is pure and properly administered. *Third.* No nausea, sickness, or other unpleasant symptoms attend or follow its inhalation.

J. M. Carnochan, M. D., Surgeon-in-chief to the State Emigrants' Hospital, New York, etc., etc., says: "I have no hesitation in stating that the nitrous oxide gas, as an anæsthetic, is far superior to either Chloroform or Ether. Insensibility is suddenly produced, and the patient recovers consciousness quickly, the operation being attended by no nausea or sickness, and without the dangerous effects often incident to chloroform and ether. It is worthy of remark that the nitrous oxide gas approximates, in its chemical combination, to the composition of the ordinary atmosphere, and we may thus, inferentially, account for its more favorable influence."

We are willing to say to all patients, "We will charge you nothing if we cause you any pain." Come to headquarters.

OFFICE, 19 COOPER INSTITUTE.

PREFACE.

In presenting our edition for 1867–68, we have to announce that it contains **74,120** names; this is an increase of **5,150** over last year. This large increase shows how rapidly our city is growing in extent and population, and proves that we have not failed to obtain a thorough canvass. In fact, the well-tried system which we adopt is sure to afford a complete and (as nearly as practicable) correct return of the residents. We would also call attention to the Appendix, which has been carefully compiled, and shows additions to the number of banks, churches, &c.

A few months since it was announced that a Business Directory would be published in connection with the regular edition, but circumstances beyond our control having transpired, its accomplishment has been prevented. Hereafter, however, a Business Directory will be issued as heretofore stated.

During the past year parties have been pretending to canvass for various Directories, and have, in some instances, to our knowledge, collected money with the pretense for advertisements, when they were, in reality, swindling the persons with whom they were dealing. All are cautioned against these impostors. We collect no money in advance except for names inserted in capital letters, and our agents are provided with printed receipts signed by us. Our advertisements are payable upon publication on presentation of the order signed by the advertiser, and indorsed by J. Lain & Co.

The additional number of pages in this edition makes the work of greater cost, and the price should have been advanced, but it is our desire that the Directory be kept at as reasonable a figure as possible, and it will remain the same as last year, $3.50 per copy.

EXTINGUISHER.

Portable, Self-Acting Fire Engine

Office, No. 162 Montague Street,

BROOKLYN.

It is always ready for use. It puts out fire instantly.

It saves the great deluge of water now used for this purpose.

It is as easily handled as a bucket of water.

It is as effective as a steam fire engine.

It is harmless to health, life and property.

It is effective in the hands of any man.

It is the only known invention that will put out fires from Kerosene, tar, naphtha, and all combustible materials now in common use.

BISHOPRICK'S

INFALLIBLE

BAKING POWDER,

For the immediate production of

TEA, BATTER & BUCKWHEAT CAKES,

CORN BREAD, BISCUIT,

And every description of Pastry, without Yeast.

The Baking Powder manufactured by BISHOPRICK & Co., for the last sixteen years, *has not been equaled, and cannot be surpassed.* It is the

Cheapest, Best and Healthiest

Preparation ever made for culinary purposes, and *acknowledges nothing superior in the world.* It pays for itself, by saving at least one-third the quantity of Butter and Eggs generally requisite for making Fancy Cakes, and makes 13 per cent. more weight of Bread. The eating of Hot Biscuit made with this Powder, produces no flatulence or other injurious effects. The public may depend upon the quality being fully kept up to the original standard which has acquired for this article so much favor from all classes of the people.

Manufactory, cor. John and Pearl Sts., Brooklyn.

Sold by all Grocers.

AGENTS in all the Principal Cities and Towns in the United States.

A NEW FEATURE

IN

LIFE INSURANCE.

ALL PARTICIPATING POLICIES NON-FORFEITABLE.

The Directors of this successful institution have adopted this new and the most popular feature yet introduced by any Life Insurance Company, which is, in making their Policies and Premiums non-forfeitable. That is, when the assured has paid three or more annual premiums in cash, and cannot continue to pay the Annual Premium, then, upon surrender of the original Policy, within thirty days after default in the payment of Premiums, the Company will issue a paid up Policy for the whole amount paid, less the Dividends, without any further payments; provided the assured, at issue of the original Policy, did not exceed fifty years of age.

By this liberal feature, **any one insuring in this Company need lose nothing** on account of inability, or from other causes, to pay future premiums.

The Directors deem this just and equitable; **and will not take advantage of the misfortunes of their Policy holders.** This new feature does away with the greatest objection against the taking of a Life Policy.

It is commonly alleged by Agents of older Companies, that new ones are not as safe, as the older, with Assets amounting to Millions. To prove how groundless are these assertions, the following Table will show the

COMPARISON OF VARIOUS

LIFE INSURANCE COMPANIES,

ACCORDING TO THEIR PROPORTIONS OF

ASSETS TO LIABILITIES.

Taken from New York Insurance Report
For 1866, Page cxxxiv.

This Company has Declared an Average Dividend of over **Forty per Cent. in Cash, being a Larger One** than any other has done for the period it has been in operation, and declares and **PAYS them Annually in Cash.**

A MAN IN DEBT, with an incumbrance upon his property, should insure for the full amount of it, to provide his family, in case of his decease, a ready means to meet all payments, and to secure to themselves a home.

HAVE you made provision for your wife and children should you die?

YOU may die to-morrow, life is uncertain; do not leave until to-morrow what should be done to-day.

LIFE INSURANCE has saved thousands from ruin, and families from poverty and suffering.

A POLICY OF LIFE INSURANCE is the best and safest provision a man can make for his family.—BENJ. FRANKLIN.

CAN it be that any father or husband is unwilling to make a little sacrifice of daily comforts, to protect those most near and dear to him from suffering and want after his death?

A LIFE INSURANCE COMPANY accomplishes more than a Savings Bank. Money in a Savings Bank is exposed to the demands of creditors; while an Assurance Policy is not liable for a man's debts, being held, by a law of the State, as a *fund for the benefit of his family.*

WHY YOU SHOULD ASSURE EARLY.—A man at 43 years of age pays as much per year for a Policy of $2,000, as one at 20 pays for a Policy of $4,000.

AGAIN.—If in health, you will pass a medical examination and be accepted, which you have no guarantee you will be able to do hereafter.

BY A LIFE POLICY an *affectionate son* provides for the support and comfort of aged parents, who have watched over and nourished him up to manhood, should he die before them.

WILDER'S PATENT FIRE and BURGLAR PROOF SAFES.

Manufactory, 3d Avenue, Brooklyn. Warehouse, No. 8 Cortlandt Street, N. Y.

VICTOR FIRE-PLACE HEATER.

This Cut represents a view of our **VICTOR HEATER,** for which we can furnish

HUNDREDS OF REFERENCES.

We claim for this Heater the following advantages over any yet invented:

1st. That it is the most Powerful.
2d. Being the Heaviest, it is the most Durable.
3d. In its Construction it is the most Simple.
4th. It can be cleaned with Least Trouble.
5th. In design it is the most BEAUTIFUL.

All of which we believe can be readily seen by examining the article.

We are also manufacturing 5 sizes of our celebrated **BAY STATE COOKING RANGES.** Prices from $40 to $85—set complete.

Send for Circular.

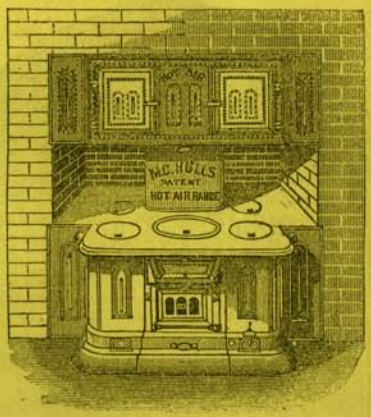

HULL & GRIPPEN,

Hull's Patent Combination

ELEVATED

DOUBLE

AIR-

OVEN

HEATING

COOKING RANGE.

This Cut represents a view of an **ELEVATED OVEN HOT AIR COOKING RANGE,** constructed with **Downward Draft Flues,** which is an **entirely** new feature in **Elevated Oven Ranges, never before used.** When not baking, the dampers at side of Range are closed and the products of combustion are carried down to the bottom of the Range, **completely surrounding the Air Chamber,** greatly intensifying the **air-heating** surface, and also adding at least one-third more heat to the cooking arrangements on top of Range. **This Range is warranted to heat** the rear of an ordinary-sized house with the surplus heat which in other Ranges is wasted.

STREET AND AVENUE DIRECTORY

OF THE

(CONSOLIDATED)

CITY OF BROOKLYN.

SHOWING the position, commencement, and termination of each Street, Avenue, Place, Lane, Court, Alley, etc., in the Consolidated City, with the junctions and crossings of the intersecting streets; also, the number of the building at the corner of the street, avenue, etc., where there is any.

When there is no house on the corner, or where the corner house fronts on the crossing street, the number nearest the corner is given, and a * placed before it, to denote that the number is not to be looked for on the corner of the street or avenue above named.

A — denotes that there is no number on the corner or near the corner.

A † placed in the right or left column denotes that the street does not extend to that side of the one under whose heading it is found.

As a rule the numbers will be found to commence westward, and northward from the opening of the street or avenue, *even* numbers occurring generally on the *right-hand* side.

EXPLANATIONS.

If you wish to find the location of any number—for instance, 115 Bridge street—on consulting the Directory you will observe that 105 Bridge is on the left hand of that street, and on the corner of Prospect, and 129 Bridge is on the left-hand corner of Sands; hence the desired location of 115 Bridge is between Prospect and Sands, on the left-hand side.

The capitals E. D., when placed after a street, avenue, &c., denote that it is in the Eastern District. As there are several streets in Greenpoint, Bushwick, and Williamsburgh of the same name, and all being reckoned as the Eastern District, the exact location of such streets is given in connection with the capitals E. D.

The Great American Tea Co.

ESTABLISHED 1861.

ENORMOUS PROFITS OF THE TEA TRADE.

The Proprietors became fully convinced, several years ago, that the consumers of Tea and Coffee were paying too many and too large profits on these articles of every day consumption, and therefore organized THE GREAT AMERICAN TEA COMPANY, to do away, as far as possible, with these enormons drains upon the Consumers, and to supply them with these necessaries at the smallest possible price.

To give our readers an idea of the profits which have been made in the Tea trade, we will start with the American Houses, leaving out of the account entirely the profits of the Chinese factors.

1st. The American House in China or Japan makes large profits on their sales or shipments—and some of the richest retired merchants in this country have made their immense fortunes through their Houses in China.

2d. The Banker makes large profits upon the foreign exchange used in the purchase of Teas.

3d. The Importer makes a profit of 30 to 50 per cent. in many cases.

4th. On its arrival here it is sold by the cargo, and the Purchaser sells it to the Speculator in invoices of 1,000 to 2,000 packages, at an average profit of about 10 per cent.

5th. The Speculator sells it to the Wholesale Tea Dealer in lines, at a profit of 10 to 15 per cent.

6th. The Wholesale Tea Dealer sells it to the Wholesale Grocer in lots to suit his trade, at a profit of about 10 per cent.

7th. The Wholesale Grocer sells it to the Retail Dealer at a profit of 15 to 25 per cent.

8th. The Retailer sells it to the consumer for *all the profit he can get.*

When you have added to these *eight* profits as many brokerages, cartages, storages, cooperages, and waste, and add the original cost of the Tea, it will be perceived what the consumer has to pay. And now we propose to show why we can sell so very much lower than other dealers.

We propose to do away with all these various profits and brokerages, cartages, storages, cooperages and waste, with the exception of a small commission paid for purchasing to our correspondents in China and Japan, one cartage, and a small profit to ourselves—which, on our large sales, will amply pay us.

Parties getting their Teas from us may confidently rely upon getting them pure and fresh, as they come direct from the Custom House stores to our warehouses.

The Company continue to sell at the following prices:

OOLONG (Black), 40, 50, 60, 70, 80, 90c., best $1 - - - per lb.
MIXED (Green and Black), 40, 50, 60, 70, 80, 90, best $1 do
ENGLISH BREAKFAST, 50, 60, 70, 80, 90, $1, $1.10, best $1.20 do
IMPERIAL (Green), 50, 60, 70, 80, 90, $1, $1.10, best 1.25 do
YOUNG HYSON (Green), 50, 60, 70, 80, 90, $1, $1.10, best $1.25 do
UNCOLORED JAPAN, 90, $1, 1.10, best $1.25 - - - - do
GUNPOWDER (Green), $1.25, best $1.50 - - - - - do

COFFEES ROASTED AND GROUND DAILY.

Ground Coffee, 20c., 25c., 30c., 35c., best 40c. per lb. Hotels, Saloons, Boarding-House Keepers, and Families who use large quantities of Coffee, can economize in that article by using our ***French Breakfast*** and ***Dinner Coffee,*** which we sell at the low price of 30c. per lb., and warranted to give perfect satisfaction.

Consumers can save from 50c. to $1 per lb., by purchasing their Teas of the

THE

MUTUAL BENEFIT

Life Insurance Company,

NEWARK, N. J.

[ORGANIZED IN 1845.] [CHARTER PERPETUAL.]

Having paid losses on deceased members amounting to $5,125,425, and declared in dividends to the living the sum of $6,002,839, with assets well secured amounting to over $12,000,000, has just declared its TWENTIETH annual dividend, being 50 per cent.

It continues to issue all classes of Life Policies, at the lowest rates consistent with perfect security to the members. Its distinguishing features are economy in expenditure, and care in its management.

It pays no stockholders for the use of capital, no bonuses or commissions to officers, and no immoderate compensation to agents.

All its Directors attend its meetings, and serve on its committees. Its risks are carefully selected so as to secure sound lives. It is careful in adjusting losses, and prompt in payment.

Its funds are invested with regard to security, never hazarding principal for interest; hence it has never lost a dollar on its investments. After paying losses and expenses, and reserving the value of all outstanding policies, it has *always* made an *annual* dividend of return premiums to the members, and paid them when due.

It is a "MUTUAL BENEFIT" Company, having but one class of members, all life policies, both new and old, sharing equally in the annual division of surplus receiving a dividend on every premium paid.

It endeavors, in brief, to act in all respects as a faithful trustee for the members. Having for over twenty years pursued this course, it proposes to continue it in the future, and offers its advantages to all who desire to insure in a Company so conducted.
